some test text

## 1 A test header

### ? Second test question

- A) Second Answer 1
- B) Second Answer 2
- C) Second Answer 3
- D) Second Answer 4

Explanation:

### Listing 1 Testing caption

```
knitr::knit_engines$set(  
  spss = function(options) {  
    code <- paste(options$code, collapse = "\n")  
  
    return(code)  
    # this is a test comment  
  }  
)
```

## 2 Another Header

If you take a look at Listing 2, you'll see...

---

**Listing 2** I'd like to make sure it is still consistent

---

```
* | strst
```

**REGRESSION**

```
/MISSING LISTWISE  
/STATISTICS COEFF OUTS R ANOVA  
/CRITERIA = PIN(.05) POUT(.10) /* test comment 1  
/NOORIGIN "testing a string"  
/DEPENDENT api00  
/METHOD = ENTER acs_k3.
```

```
* test comment.
```
